Beckah Shae

I know better than to stay down for too long
'Cause it don't matter whether I feel it or I don't, I'm strong
I know why I'm taking blows like it's all good (it's all good)
Yeah, 'cause I'm still winning, I'm just a little misunderstood

Even when I want to quit
I just keep on pushing it
Determined to make a hit
I just keep on aimin' to win

It's in my blood!

If losing didn't hurt so bad, winning wouldn't feel so good (so good)
So I own all my pain and I consider it gain like I should
'Cause I'm motivated by love, it's the only way that I can go higher, higher
Until my good is better and my better is the best, yea, I'm that girl, that'
s on fire (fire)

Even when I want to quit
I just keep on pushing it
Determined to make a hit
I just keep on aimin' to win

It's in my blood!

No matter how hard it gets, I'm not afraid of it
I'm gonna reach the end 'cause I'm a winner
Yea, I know where I'm going, my confidence is showin'
'Cause I know why, why, why I'm a winner
