

Forever Yours

Beckah Shae

You are mine
And I am yours
Please hear my cry,
Your what I'm desperate for
Despite what you feel
I'll always be here
I will never leave you
I will never forsake you
Forever yours
I will never leave you
I will never forsake you
Forever yours
Every breath
(I'm holding onto)
And every thought
(I know well)
If you rest
(It's because I'm with you)
If I run
(It'd be to you)
Despite what you feel
I'll always be here
I will never leave you
I will never forsake you
Forever yours
I will never leave you
I will never forsake you
Forever yours
I once was lost
The pain of being so far from home
Even death could not keep my love from you
And I give it all just to be with you
Forever
I will never leave you
I will never forsake you
Forever yours
I will never leave you
I will never forsake you
Forever yours
