

Mighty

Beckah Shae

Mighty all the time
He never takes a break
He's always right
Working all day and every night
Mighty all the time
He never shifts at all
He stays the same
He'll never ever change
Mighty all the time
He's always on his throne
It's where he rules
Forever ancient forever new
Mighty all the time
His power never ceases to amaze me
And it's everlasting
Oh
Oh, he is so mighty
All the time
Oh, he's mighty
So mighty
All the time
Who could place the stars in the heavens
And call each and every one by name?
He is so mighty
Who knows every single thought that's in your mind?
No one but him, that's right
Yeah because he's mighty
Who can move a mountain
Split the sea in two
Or make it rain or shine
Turn the darkness into light
Only God almighty
He'll take a nation down
And raise it up again
With one hand and have a party
He can 'cause, yeah
He's so mighty
Mighty all the time
He's the one who saves
He's in our midst
Rejoicing over us with gladness
Mighty all the time
He knows everything
He sees it all
To him nothing's impossible
Mighty all the time
He established the whole world
Created every boy and girl
And he's got a plan, yeah
Mighty all the time
His glory never ceases to amaze me
And it's everlasting
Bam!
He's better than a superhero
'Cause he ain't limited on power
Boom!
He's stronger than the bravest warrior

Makes even the darkest villains cower
Bang! Bang! Boom! Pow!
Yo, check him out!
There ain't nobody like him 'cause he's so mighty
