

# Overflow

Beckah Shae

Fill my mind with peace  
fill my heart with truth  
fill my eyes with love  
and fill my joy with you.  
I'm desperate for you  
and I'm desperate for you.  
//You're all I desire  
you're all I need  
overflow in me//  
Fill my weak with strength  
fill my full with more  
fill my soul with hope  
and fill my faith with yours.  
I'm desperate for you  
and I'm desperate for you.  
//You're all I desire  
you're all I need  
overflow in me//  
You overwhelm me  
with you presence.  
There's so much to  
this life for you are here.  
Consume every part of me  
for I'm missing nothing  
the more I see you  
I find that you are here.  
//You're all I desire  
you're all I need  
overflow in me//
