

A Million Times

Beddy Rays

Careless mind
Couldn't stop to think of another
Waste of time
Wouldn't take a lead out of your gutter

Shoulders here to lean
When I slow down
Bring me up to speed
Always forget my dreams
For whatever they may mean

And I've tried a million times
To fall in love
But I fall out of line

Vertigo
As far as I can throw
We are memories
Dancing in the breeze
I don't know, you're telling me
I'm tearing at the seams
Although I'll try a million more times
'Til I get it right

Losing track of scenes
Another repeat
I couldn't possibly
Always run out of steam
When we run the same old themes

Shoulders here to lean
When I slow down
Bring me up to speed
Always forget my dreams
For whatever they may mean

And I've tried a million times
To fall in love
But I fall out of line

Vertigo
As far as I can throw
We are memories
Dancing in the breeze
I don't know, you're telling me
I'm tearing at the seams
Although I'll try a million more times
'Til I get it right

Vertigo
As far as I can throw
We are memories
Dancing in the breeze
I don't know, you're telling me
I'm tearing at the seams
Although I'll try a million more times

Vertigo

As far as I can throw

We are memories

Dancing in the breeze

I don't know, you're telling me

I'm tearing at the seams

Although I'll try a million more times

A million more times

A million more times
