Bored

Beddy Rays

If we tried harder maybe we'd get further
I've grown tired giving the wrong answers

The rivers dry of ideas
And filling up with your tears
Why does it feel so wrong?

How long can we keep this up for?
I don't know if I can take much more
Or if I'll ever keep the score
Of any of these games I'm bored
I'm bored

Yeah you reek of desperation and she can't stand the smell of it
Burnt out conversation and she's laughing for the hell of it

The rivers dry of ideas
And filling up with your tears
Why does it feel so wrong?
Why does it feel so wrong?

How long can we keep this up for?
I don't know if I can take much more
Or if I'll ever keep the score
Of any of these games I'm bored
Will we ever come back around?
Is it something I'll forget
How long can we keep this up for?
How long can we keep this up for?

How long can we keep this up for?
I don't know if I can take much more
Or if I'll ever keep the score
Of any of these games I'm bored
Will we ever come back around?
Is it something I'll forget
How long can we keep this up for?
How long can we keep this up for?
Up for?
Up for?

The rivers dry of ideas
How long can we keep this up for?
The rivers dry of ideas
How long can we keep this?
