

# Changeover

**Buddy Rays**

I saw your heart the other day  
Down at the 'lost found beat around'  
Used in different ways  
Don't wanna settle like the sun  
Don't wanna skip too far ahead of time  
Life has just begun

Is that the way it will always be?  
Just a buoy lost afloat at sea  
Take time to rewind  
As I've come to realise

Everybody's changing but me  
Why do we grow up and get caught up in a knot?  
Am I selfish am I just obscene?  
Maybe I'm afraid of love  
And somebody giving up on me

When I grow up I'll wanna say  
That I took every opportunity that had come my way  
Every insecurity pissed it down the drain  
Will you be there to tell me the same?

It's not the way it'll always be  
I can't decide I'll wait and see  
Take time to unwind  
And I'll come to realise

Everybody's changing but me  
Why do we grow up and get caught up in a knot?  
Am I selfish am I just obscene?  
Maybe I'm afraid of love  
And somebody giving up on me

Everybody's changing but me  
Why do we grow up and get caught up in a knot?  
Am I selfish am I just obscene?  
Maybe I'm afraid of love  
And somebody giving up on me
