

# Easy Man

**Buddy Rays**

Warm Monday night  
Caught in a fight  
Sleeping them off  
Won't last for long  
I'm off to work  
Fill me in when you know  
Down like the sun  
We're moving on  
I've gone away  
To outer space  
I don't want you  
Following me home

It used to be easy man  
Now a mess  
What ever happened to  
All of this?

When do you know  
The end of the road?  
More times than not  
Wished I'd forgot  
I'm shutting off  
Fill me in when you're home  
Down like the sun  
We're moving on  
I've gone away  
To outer space  
I don't mind you  
Following me home

It used to be easy man  
Now a mess  
What ever happened  
To all of this?  
It used to be easy man  
It used to be easy man  
It used to be easy man  
Now a mess

It used to be easy man  
Now a mess  
What ever happened  
To all of this?  
It used to be easy man  
It used to be easy man  
It used to be easy man
