

Fender

Buddy Rays

I don't know where I wanna be
Getting high to lose the pressure
And every time I wanna leave
Well I never seem to get far

I've been burning a hole in this fender
Feeling alright when I'm laying it out

I'm taking it slowly
I've been running myself thin
Forgetting to know me
Only the bottom of this tin

I don't know where I wanna be
Getting high to lose the pressure
What I wasn't meant to see
Never mastered the pretender

I've been burning a hole in this fender
Feeling alright when I'm laying it out

I'm taking it slowly
I've been running myself thin
Forgetting to know me
Only the bottom of this tin
I'm taking it slowly
I've been doing myself in
Forgetting to know me
Only the bottom of this tin

I'm taking it slowly
I've been running myself thin
Forgetting to know me
Only the bottom of this tin
I'm taking it slowly
I've been doing myself in
Forgetting to know me
Only the bottom of this tin
The bottom of this tin
