

Good With Bad

Beddy Rays

Am I exactly where I'm meant to be?
Sorta taking what's in front of me
Taking all the good with bad
More of the best time that I've ever had

Am I chasing what's too far away from me?
Am I wasting exactly where we're meant to be?
If I'm mistaken I'll show you everything I mean
Doesn't mean too much but you mean a lot to me

Grab hold of where we let go
No one else I know could ever know
Talk all night out on the deck
Until I've smoked every last cigarette

Am I chasing what's too far away from me?
Am I wasting exactly where we're meant to be?
If I'm mistaken I'll show you everything I mean
Doesn't mean too much but you mean a lot to me

Am I chasing?
Am I wasting?
Am I chasing?
Am I wasting?
