Beddy Rays

Overthinking everything I said  
What did I say to you?  
Yeah I know that we've been on the fence  
What did I say to you?

There's a feeling burning in my chest  
And it's not meant to be  
I've been feeling it inside my head  
Haunting over me

And I know that you're angry at me  
I'm blind but you're all I see  
I get stupid and drunk  
Don't write me off  
Don't write this off

I'm a handful with my hands full  
And I take my time just to speak my mind  
I'm a handful with my hands full  
And I'll speak my mind when it comes the time

Maybe give it just a bit more time  
That's what I'll say to you  
Get to know each other's other sides  
If that's ok with you?

And I know that you're angry at me  
I'm blind but you're all I see  
I get stupid and drunk  
Don't write me off  
Don't write this off

I'm a handful with my hands full  
And I take my time just to speak my mind  
I'm a handful with my hands full  
And I'll speak my mind when it comes the time

What I say sometimes off the top of my mind  
What I say sometimes off the top of my mind  
What I say sometimes off the top of my mind  
What I say sometimes off the top of my mind

(Handful with my hands full)  
(Handful with my hands full)  
(Handful with my hands full)  
(Handful with my hands full)
