

# Killing Time

Beddy Rays

I went on a spree of killing time  
A kamikaze of another kind  
Lost when alone in a room  
When I've got nothing to consume

Conscious thought are bruised  
Time bomb ticking - boom...

Wake up another weekend  
Or is it another one I'm sleeping in?  
Think I'm calling for a phone on hold  
Doing what I want before I'm told  
Wake up another weekend  
There's another one around the bend  
Now I'm calling for a phone on hold  
Doing what I want before I'm old

I'm cutting corners with a knife  
My algorithm's running out of time  
Lost when alone in a room  
And I've got nothing to consume

Constant tube reviews  
For things I'll never use...

Wake up another weekend  
Or is it another one I'm sleeping in?  
Think I'm calling for a phone on hold  
Doing what I want before I'm told  
Wake up another weekend  
There's another one around the bend  
Now I'm calling for a phone on hold  
Doing what I want before I'm old

Battery draining  
Bills I'm paying  
Early AM  
Plans derailing

Still I'm fucking good  
If it stops me from talking to you

Wake up another weekend  
Or is it another one I'm sleeping in?  
Think I'm calling for a phone on hold  
Doing what I want before I'm told  
Wake up another weekend  
There's another one around the bend  
Now I'm calling for a phone on hold  
Doing what I want before I'm old

Doing what I want (hey hey hey)  
Doing what I want (hey hey hey)  
Doing what I want (hey hey hey)  
Doing what I want (hey hey hey)  
Doing what I want (hey hey hey)  
Doing what I want (hey hey hey)

Doing what I want (hey hey hey)  
Doing what I want
