

## Mind's Eye

Bedouine

Dark velvet skylines  
I've gotten my hands tied  
In debt digging deeper still  
Now in my mind's eye  
I'm trapped and I can't find  
My way out of crippling doubt

Oooh

Sun is always shining through  
Shapes of the night sky  
Don't you even let them believe  
You're not the light  
They'll try to frighten you  
Into needing more than  
You agreed to

Oooh

Now that I'm here  
I can steer you  
Far away  
From the evil  
From those who  
Feed off you

Oooh
