

Move Forward

Bedroom

Your soul is full of good
They're trying to change you
Don't let them, don't let them
Carry on as you are
They're trying to fool you
Don't let them, don't let them

Keep quiet, don't look back
Don't mind a thing, start tonight
Forget them, forget them
Keep walking towards the end
Descending, false head
Forget it, forget it
