

## Trees

## Bedroom

Happiness is finally mine  
Haven't felt this in a long time  
Feeling all of these emotions  
Feels like my life's in motion  
Sitting inside of a tree  
Thinking of what's happening to me  
My heart feels like it's finally turned on  
A dark and confused mind is now gone

Sitting all alone by the trees  
Sitting all alone by the trees  
Sitting all alone by the trees  
Waiting for your temper on me
