

## Don't Say Goodbye

Bee Gees

Please believe me, I will never be untrue  
And don't believe the jealous lies they told to you  
Oh no, don't go, don't make this poor boy cry  
I'll be true, I beg of you, don't say goodbye

Now don't you know I love you more than I can say  
And it would mean my life if you should run away  
Oh no, don't go, don't make this poor boy cry  
I'll be true, I beg of you, don't say goodbye

You just won't listen to my pleas  
You want me beggin' on my knees

So sit right down and listen while I beg, you see  
I'll never be untrue, so please believe in me  
Oh no, don't go, don't make this poor boy cry  
I'll be true, I beg of you, don't say goodbye  
I'll be true, I beg of you, don't say goodbye
