Don't Say Goodbye

Bee Gees

Please believe me, I will never be untrue
And don't believe the jealous lies they told to you
Oh no, don't go, don't make this poor boy cry
I'll be true, I beg of you, don't say goodbye

Now don't you know I love you more than I can say And it would mean my life if you should run away Oh no, don't go, don't make this poor boy cry I'll be true, I beg of you, don't say goodbye

You just won't listen to my pleas You want me beggin' on my knees

So sit right down and listen while I beg, you see I'll never be untrue, so please believe in me Oh no, don't go, don't make this poor boy cry I'll be true, I beg of you, don't say goodbye I'll be true, I beg of you, don't say goodbye
