Feel I'm goin' back to Massachusetts,  
G                    Ami            C            G  
Something's telling me I must go home.  
G                    C  
And the lights all went out in Massachusetts  
G                    D7                    G            Ami            D7  
The day I left her standing on her own.  
G                    Ami            C            G  
Tried to hitch a ride to San Francisco,  
G                    Ami            C            G  
Gotta do the things I wanna do.  
G                    C  
And the lights all went out in Massachusetts  
G                    D7                    G            Ami            D7  
They brought me back to see my way with you.  
G                    Ami            C            G  
Talk about the life in Massachusetts,  
G                    Ami            C            G  
Speak about the people I have seen,  
G                    C  
And the lights all went out in Massachusetts  
G                    D7                    G            Ami            D7  
And Massachusetts is one place I have seen.  
G                    Ami            C            G  
I will remember Massachusetts...
