

# Sweetheart

Bee Gees

If your heart tells you so that you should leave me  
Don't try to forget, you and I never met  
And before you fly, one kiss should tell me why  
You've forgotten all the words that you once said

Long as I've got you there beside me  
As long as you're there to stand and guide me  
The love we share, no one can ever tear apart

Long as I've got this life, I'm living  
Long as it's you, the love I'm with  
Then, I'll keep on calling you sweetheart

If my love for you can't make you happy  
Just open the door and you won't see me anymore

And before you fly, one kiss should tell me why  
You've forgotten all the words that you once said  
When you said

Long as I've got you there beside me  
Long as you're there to stand and guide me  
The love we share, no one could ever tear apart

Long as I've got this life I'm living  
Long as it's you, the love I'm with  
Then I'll keep on calling you sweetheart  
And I'll keep on calling you sweetheart
