

The Bridge

Bee Gees

When I was young I dreamed of you
Far and away, my dreams come true
Now I know what love has done
Children of mine, we all are one

When I was young I looked to you
You were the world I never knew
Through the years we all have grown
Knowing your love forever strong

Would you walk away if I raised my voice?
Do you think I taught you well?
Time after time after time

In younger days I felt for you
With all the pain that we went through
We believe the one above
Father and Son, forever love

Hand in hand, the future's here
Now that we crossed the bridge of tears
Finding truth and facing fears
We can walk on, the road is clear

Walk across the bridge
Take my hand
Walk across the bridge
Come to me

Would you walk away if I raised my voice?
Do you think I taught you well?
Time after time after time

Walk across the bridge
Come to me
Walk across the bridge

You'll never be far away
You'll never be far away
You'll never be far away.
