

# The Lord

Bee Gees

What do you get for trying?  
Minute you're born, you're dying  
Body is six feet down  
The Lord said the soul sticks around

You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord  
You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord

You think you live on laughter  
But you don't know what's after  
Singing hallelujah  
I can know the master

You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord  
You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord, yeah

When my life is over  
Lie in fields of clover  
Waiting for my own girl  
Living in a new world, yeah

Well, you can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord  
You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord

What do you get for trying?  
Minute you're born, you're dying  
The body is six feet down  
The Lord said the soul sticks around

Well, you can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord  
You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord

You can believe what you wanna  
But I know what I'm gonna do  
I'm gonna believe in the Lord  
I'm gonna believe in the Lord
