

# Until

Bee Gees

You were a lovely child  
And your hair was like the mornin' sun  
And I knew we were in love  
We were alone to dream a dream  
We held our love that held our hearts

And who are we, who knew  
All there was in life and comin' through  
And every lonely sad mistake  
Every change and interchange we make  
We held our love and that held our hearts  
Until, until

Ooh, aah  
Aah, aah, aah, aah  
Aah, aah, aah, aah
