

# We Lost the Road

Bee Gees

We must have lost the road  
Don't you think it's getting late  
Maybe if it's colder  
We can stop and wait

We must have lost the words  
All the little things we said  
And now the world is frozen  
Only you in my head

Oh ,we lost the road  
Oh, we lost the road  
Oh, we lost the road  
Oh, we lost the road

We must have lost the tune  
Where did I step out of line  
I'll search for the melody  
That calls you mine

Oh, we lost the road  
Oh, we lost the road  
Oh, we lost the road  
Oh, we lost the road

Oh, we lost the road  
Oh, we lost the road  
Oh, we lost the road ...
