

## Hang Me

### Before I Turn

I just woke to the feel of the darkness  
Like it's a gift from above  
I've been awake, though I'll never forget you  
Forgot the feel of your love  
And though I drown myself in sorrow  
I am never feeling cold  
I feel the warmth of the pain inside  
As I behold what is left of your forgiveness

Hang me by the neck 'til I'm done  
Hang me by the neck 'til I'm done  
Hang me by the neck 'til I'm done  
Hang me by the neck 'til I'm done  
(Though the sky's [?])  
Hang me by the neck 'til I'm done  
(May the noose deny my life)  
Hang me by the neck 'til I'm done  
(Half the rope around my throat)  
Hang me by the neck 'til I'm done  
(And I will hang 'til I'm done)  
Hang me by the neck 'til I'm done
