

Harlot

Before I Turn

I thought that love was just the enemy of hate
But hate evolves to lust
It makes me irritate
I lay awake at night
Hoping to
Catch another glimpse of it:
Pure MDMA
To my ecstasy
One night I'll be drawn in again
Ashes to ashes
Dust to dust
Condemned for all
As you're lost in your lust

Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone
Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone

She'll bring you
To your knees
No one to hear your screams
There is no escape
This is not a dream
All hope is gone
And lust remains
She'll show you the true meaning of pain

Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone
Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone

No
They'll never know
But you've got blood on your hands
No
Will you fall prey to it?
No

Will you fall for it?
Never
Die
Free us all

Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone
Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone
Everything I touch turns into ashes
Everything I look at turns to stone

Everytime I try to be myself I will never leave myself alone
Everything I touch turns into ashes
Everything I look at turns to stone
Everytime I try to be myself I will never leave myself alone
