

## Archaic Flame

### Before the Dawn

The flame of relentless defiance  
Resistance cold and raw  
Shatterproof eternal alliance  
Of vengeance and the wrath

Burning primal and archaic  
Cuts like a rusty saw  
Pyre set alight by pure instinct  
Hammer forges revised law

Bring the fires forth  
Burn me to the core  
(Burn me to the core)  
Bring the fires forth  
Black rain begins to pour  
Dyed by the ashes of the world

Contradiction to  
Predatorial behaviour  
Acting based on human nature

Not devoured by the malevolence  
Or fuelled by the venom  
This ferocity is untainted and pure  
Adrenaline based accelerated cure

Bring the fires forth  
Burn me to the core  
(Burn me to the core)  
Bring the fires forth  
Black rain begins to pour  
Dyed by the ashes of the world

Bring the fires forth  
Burn me to the core  
(Burn me to the core)  
Bring the fires forth  
Black rain begins to pour  
Dyed by the ashes of the world
