

City In A Snow Globe

Before Their Eyes

I never thought the day would come
When we'd have to say goodbye
But now the time has come
As I wipe the tears from my eyes

Too tired of these lonely nights
I've lost everything
That meant anything
You're still ringing in my ears

And in my dreams
I've tried running but I can't
Escape from you in my memories

It's what kills me slowly
You kill me slowly with the way
I know you won't come back
And I regret everything I said

The city is so cold tonight
It's exactly what I feel inside
I only wish I could ask for
One more chance

It's what kills me slowly
You kill me slowly with the way
I know you won't come back
And I regret everything I said

The city is so cold tonight
It's exactly what I feel inside

It's what kills me slowly
You kill me slowly with the way
I know you won't come back
And I regret everything I said
