

Hey Dude!

Before Their Eyes

I'm not afraid of them
They can't control me now
Becoming who I am is standing for who you are

When things are falling apart
I won't abandon you

No one is coming to save us now
The world is falling and I'm surrounded

I've watched you slip away
Don't say you haven't changed
You know I've known you from the start
I've seen the worst in you
I see you leading them astray

You can't control me
