Raindrop

Before You Exit

I saw you running through the stars last night.
I couldn't catch you, I was blinded by the light.
You always said that you wanna be free.
Can I have you right here next to me? (next to me)

I wanna find the way into your heart.
I'm gonna have to find a way to start.

It's not impossible to catch you when I fall.
I've gotta think just like a raindrop to get into you.
It's such a natural sound, when love comes pouring down.
I've gotta think just like a raindrop to get into you.

Wanna do more than think about you.
And find out, if what I feel is true. (about you)

How can I be more than just a friend?
I need to find the way and not pretend, that I know,
How to find the way into your heart?

It's not impossible to catch you when I fall.
I've gotta think just like a raindrop to get into you.
It's such a natural sound, when love comes pouring down.
I've gotta think just like a raindrop to get into you.

When your roof comes crashing down, the rain is falling, your w
alls are breaking apart.
I'll be there to catch you in my arms, if you love me.

It's not impossible to catch you when I fall.
I've gotta think just like a raindrop to get into you.
It's such a natural sound, when love comes pouring down.
I've gotta think just like a raindrop to get into you.

I've gotta think just like a raindrop to get into you.

Na na na na na na na na na...

I've gotta think just like a raindrop to get into you.
