

Cosmic Ride

beFour

Dum dam da di da di dai
Dam da di da di dai
I'm on my cosmic ride
Dum da di da di dai
Dum da di da di dai
I'm gonna search the sky
Cause i miss you so
I'm gonna fly so high
And i need you so
Here on my cosmic ride

I don't know where you are, are you near or are you far
Are you blue, are you green, are you just in my dream?
I'm searching for you in that wide and in that open blue

Can you hear what i say, are you not that far away
Can you feel what i feel, Oh, to me it's unreal
I'm searching for you in that wide in that open blue

Dum dam da di da di dai
Dam da di da di dai
I'm on my cosmic ride
Dum da di da di dai
Dum da di da di dai
I'm gonna search the sky
Cause i miss you so
I'm gonna fly so high
And i need you so
Here on my cosmic ride

I've been waiting for you on the dark side of the moon
And i've been to the sun, but my journey's begun
It's sad but it's true i'm alone in that wide open blue

And i cross milky way, hope you're there i just can't wait
I'm alone, my heart hurts in that big universe
It's sad but it's true i'm alone in that wide open blue

Dum dam da di da di dai
Dam da di da di dai
I'm on my cosmic ride
Dum da di da di dai
Dum da di da di dai
I'm gonna search the sky
Cause i miss you so
I'm gonna fly so high
And i need you so
Here on my cosmic ride
