

The Shadow Elite

Behemoth

Cast me!
From thy golden bow
Shoot me! O' divine archer
Thy arrow
Against all law
Fire me!
From thy burning bow
Through gods and mortals
From shore to shore

We are the shadow elite!
Blackening holy land
We are ruin, we are locusts
Fatum ov the universe

We are the shadow elite!
Succumb ne'er to fear
Release me!
From thy flaxen bow
Let me fly skywards so I may fall
Upon the enemy
Versus all law
Release me!
Hurl me with thy golden bow
Through Nazareth and Bethlehem
To Zion's halls

We are the shadow elite!
Blackening holy land
We are ruin, we are locusts
Fatum ov the universe
We are the shadow elite!
We are the shadow elite!
Succumb ne'er to fear
Ne'er to fear

Cast me!
From thy golden bow
Shoot me! O' divine archer
Thine arrow
Against all law
Fire me!
From thy burning bow
Through gods and mortals
From shore to shore
We are the shadow elite
Blackening holy land

We are ruin, we are locusts
Fatum ov the universe
We are the shadow elite

We are the shadow elite

We are the shadow elite
Fatum ov the universe
We are the shadow elite

Succumb ne'er to fear
