

Stay With Me

Behind Crimson Eyes

I thought that I knew how,
to keep these thoughts of you
in the depths of my mind.
But like you always do,
you keep on pushing your way through,
until all I see is you!
There's no escape,
from these stupid games you play,
and I need you know,
I can't live without you,
gotta be around you,
I need you to stay
I can't live without you,
gotta be around you,
I need you to stay with me.
Now I sit around,
take photos off the walls,
and smash them on the ground
as I look at you,
through broken glass I see the truth,
you took a piece of me with you!
There's no escape from these stupid games you play,
and I need you know!
I can't live without you,
gotta be around you,
I need you to stay
I can't live without you,
gotta be around you,
I need you to stay with me.
(I can't live without you)
gotta be around you,
I need you to stay
I can't live without you,
gotta be around you,
I need you to stay
I can't live without you,
gotta be around you,
I need you to stay with me
(I can't live without you, gotta be around you, I need
you to stay)
