

Raindrops

Bei Maejor

Verse 1:

When the storm is at its highest
And I look into your eyes
I see a shaded picture
It matches with the sky
I'm looking up at the clouds
It's looking like it's gonna rain on us
But that's nothing new
Because some how it seems that's all we do
We're like raindrops on rooftops

Chorus:

Falling crashing hard
And break into these parts
We're like raindrops on rooftops
Falling in and out of love
We pray the storms will clear up because what's become of us is like raindrops on rooftops
And we fall... down
And we fall ...down
And fall ... (uhh)

Verse 2:

So the tears are forming puddles
And bed has turned into double
And happiness is fading
And clouds are rearranging
I'm looking up at the sky
It's looking like it's gonna rain on us but that's nothing new because some how it seems that's all we do we're like raindrops on rooftops

Chorus:

Falling crashing hard
And break to all these parts Cuz when it rains it pours (yeah)
We're like raindrops on rooftops
Falling in and out of love
We pray the storms will clear up because what's become of us is like raindrops on rooftops
We fall we fall... down

We fall we fall... down
We fall we fall...
We fall we fall... down
We fall we fall... down
We fall we fall... down
We fall we fall...

Bridge:

And I just wanna say that I'm sorry for letting us get to the point where we are this doesn't make sense
You know that you're the one I love with all my heart but this is crazy
The way you got me lately wondering where the paths will lead or will we always be
Like raindrops on rooftops?

Chorus:

Falling crashing hard

And break to all these parts cuz when it rains it pours (yeeaaah)
We're like raindrops on rooftops
Falling in and out of love
We pray the storms will let up because what's become of us is like raindrops
on rooftops
