

Something Else

Bei Maejor

Young major get it to the paper,
Young major get it to the paper,

She say time... when we're having fun
But I love you girl next tonight
She say baby stay home I just wanna lay next to you
She don't want me to go, baby need to stay
I hate to break your heart but I got to get away
I've told you when we met I was on the paper checks
Don't be so dramatic I call you every day

Who you're with, where you're at
What you're doing in the night
And I just... catching my flight
Are you tripping baby girl I ain't... for the flight
Now girl don't make me feel like

I want something else to get me through this
Look it here I'm on my ground
Baby, baby I want something else
Around the globe... like a...

I pay my bags for maybe the last time
Never been mad in my whole life
She said when we're gonna see us
I don't know and before she cried
I looked into her eyes
Sayin' when I'm with you I feel like I'm alive

It's like I want no one but you
I feel it in my spirit
I scream I love you,
You can't even dare it
Please... what it seems like
'Cause when I gotta go... you don't seem right
I know our love is a blessing but we need a little prayer
I'm runnin after dreams I can always be there
But if I did I would and that's for sure
But can we talk this on the phone, I gotta go.

I want something else to get me through this
Look it here I'm on my ground
Baby, baby I want something else
Around the globe... like a...

Doing this for us baby not for myself
Don't make me feel like I want something else.

I want something else to get me through this
Look it here I'm on my ground
Baby, baby I want something else
Around the globe... like a...
