

Lost

Being As An Ocean

We're not done
We're not gone
It's hard to catch a breathe when you live on the run
Dust yourself off, love
Its not your fault
I've been fighting some battles that I taught I'd won
You're not wrong
I'm the one
I'm the only person that I can't outrun
Haven't been myself, just as you thought
I know this distance always felt like a loaded gun

A shadow danced across your bedroom wall
(Our bedroom wall)
Settling in a place that you'd held so close
Was it wrong of me to stay, when it finally took my place
Just breathe it in and let me go

I'm right here
You're not alone
Swear I want to be present, want to feel your soul
My mind has been absent
You're all I want
I never meant to bring this chill into our warm home
I've been scared, laying prone
Anxiety never turned my limbs so cold
I'll do what I have to, don't care what it costs
I'll spill some blood when I'm cut
I never meant to be lost

I never meant to be...

A shadow danced across your bedroom wall
(Our bedroom wall)
Settling in a place that you'd held so close
Was it wrong of me to stay, when it finally took my place
Just breathe it in and let me go

I know I've been cold
Please, don't let me go!
Know I've been laying prone
Please, don't let me go!
I never meant to be stone
Please, don't let me go!
Please, don't let me go!
(Please, don't let me go!)

A shadow danced across your bedroom wall
(Our bedroom wall)
Settling in a place that you'd held so close
Was it wrong of me to stay, when it finally took my place
Just breathe it in and let me go
(Just let me go!)
