I'm nearly over  
And I'm nearly there  
I'm nearly over  
And I'm nearly there  
I'm nearly over  
And I'm nearly there  
I'm nearly over  
And I'm nearly there

Please take down every city  
Every thing, I'll be ready  
Lead me down the sea of dreams  
Sea of clouds, sea of nothing  
Lead me down the sea of dreams  
The sea of clouds, sea of nothing

I'm nearly over  
And I'm nearly there  
I'm nearly over  
And I'm nearly there
