The Rip Tide

Beirut

And this is the house where I
I feel alone
Feel alone now

And this is the house where I
Could be unknown
Be alone now

Soon the waves and I found the rolling tide
Soon the waves and I found the rip tide

This is the house where I
I feel alone
Feel alone now

And this is the house where I
Could be unknown
Be alone now

Soon the waves and I found the rolling tide
Soon the waves and I found the rip tide
