No, it's not so easier
Not so easier
Not so easier
Oh, not so easier
Not so easier
Not so easier
No, it's not too late to find where you are
It's not too late to find where you are
It's not too late to find

No, it's not so easier
Not so easier
Not so easier
Oh, you're not too late to find who you are
You're not too late to find who you are
You're not too late to find
Oh, you're not too late to find who you are
You're not too late to find who you are
You're not too late to find
Good Lord, I'm not so easier
I'm not so easier
Not so easier
