

## More Than Friends

BEKA

You and I  
Should be more than friends  
Should be more than friends  
You and I  
Should be more than friends  
Should be more than friends

Driving home  
And those cat's eyes got me seeing you  
I'm always seeing you  
I don't know  
How to tell you that  
I was wrong before  
I thought I needed more

I was wondering if we could talk  
I think about you every day  
And the mix tape you made  
Is all I ever play  
And every song reminds me that

You and I  
Should be more than friends  
Should be more than friends  
You and I  
Should be more than friends  
Should be more than friends

I never thought  
I would see your face  
At my door again  
Not at 3 AM  
And I don't know  
Just why I wasn't enough before  
I thought you needed more

I know you came here to talk  
I thought about you every day  
Can't listen to the tape I made  
It brings me too much pain  
'Cause every song reminds me that

You and I  
Should be more than friends  
Should be more than friends  
You and I  
Should be more than friends  
Should be more than friends  
More than friends (I wanna be)  
(More than friends) (Can we be?)  
More than friends (I wanna be)  
(More than friends)  
More than friends (I wanna be)  
(More than friends) (Can we be?)  
More than friends (I wanna be)  
(More than friends)

Oh, I  
I wanna be more, I  
I wanna be more, I  
Wanna be more than friends  
We should be more than friends

You and I  
Should be more than friends  
Should be more than friends  
(We should be more than friends)  
You and I  
Should be more than friends  
Should be more than friends  
(We should be more than friends)
