

# Oskorei

Bel Canto

It was a game.  
Flashback from my unknown past.

As this happened  
Will it happen  
Was it only in my dream?

Wanting,  
Needing,  
Something that may be real

Live my life  
'til I die,  
Although we may never meet

Have I known you?  
Will I know you?  
Are you everything I seek?

Needing,  
Wanting,  
Something I cannot reach

Live my life  
'til I die,  
Although we may never meet.

'cause there you are  
And here am i  
In my oskorei

Flashback from my unknown past...
