

Transfection

Believer

Brave this world
Toss and turn
The skin that burns
Curse the ones that save us

Welcome to my world
It's 3 o'clock AM

Truth in lies
Cryptic eyes
Unconscious cries
You have to trust me, I'm you

Welcome to my mind
I'm blacking out again

Invaded years
Blood-soaked ears
Betrayed by fears of breaking

Welcome to my world
It's 3 o'clock AM
Welcome to my mind
I'm blacking out again
