

# Nobody Owns Me

Belinda Carlisle

Nobody owns me  
I don't wanna be anybody's fool  
No one can make me do  
What I don't want to do - no, no  
Nobody owns me  
Nobody but you

I'm gonna follow my heart  
Wherever it leads oooh  
I'm not afraid of my destiny - oooh  
There's another point of view  
It takes me back to you

I wanna dream my dreams  
And live them too - oooh  
Do a million things before I'm though - oooh  
There's another side of me  
That only you can see
