

# After We Make Love

Belinda

[Belinda]

I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love

I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love  
Make love, Make love-ve-ve-ve...  
Drop it Now

I could love you for days, months, and years  
I can hold you until my arms give out  
I can show you that I'm here to stay  
If you can promise me that your love won't go away

I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love

I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love  
Make love, Make love-ve-ve-ve...  
Drop it Now

[Vein]

If there's a way to show you how  
How much I love you then baby where do I start, yeah  
There's no more rules in this game we play  
So there's no excuse on how I could lose you

When I love you now, don't stop me  
When you feel aroused just watch me  
Let me show you why I'm cocky girl

When I love you now, don't stop me  
When you feel aroused just watch me  
Let me show you why I'm cocky girl

[Belinda]

Yeah...I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love

I see the sun still shining  
On the skin that I love to touch  
I see the moon still lighting  
Up your eyes after we make love  
Make love, Make love-love-love-love-love
