

## B.B.D. (I Thought It Was Me)?

Bell Biv DeVoe

I went out, last night  
See, that's when I met a sexy girl  
She was lookin' so right  
She said, "I wanna take you for a trip around the world"

And by the look in her eyes, ho  
The girl was serious!  
She wore no disguise, oh no  
So let's have some fun, yeah!

(I thought it was me) I thought it was me who makes the girl this way  
(I thought it was me) I came to find out she's like that every day  
(I thought it was me) I thought it was me that makes that girl so wild  
(I thought it was me) I found out she's like that with all the guys

Yo, I love bein a bachelor  
Ricky said, "Yo, that girl's a good catch for ya"  
She and I choose to cruise in my love boat  
My waterbed, kept us afloat  
I had to prove my manhood  
Show her that the B-I-V was DAMN good, understood?  
I never had my boat rocked like that before, YO!!

The way we left the spot, all systems ready to go  
She said, "Sit back and relax, I'm runnin' the show"  
I couldn't hesitate, it was much too late  
That girl had got me straight, and I was ready to go, yeah!

Yo' Ron, was-SUP, wit that  
fly girl you left the jam with?  
She's stickin' closer to you  
Than the bread on the meat of my sandwich  
I know you rock a beach, cuz

Naw, it wasn't even like that  
She left the room to get comfy and cozy (wha?)  
Then the R to the O to the N got nosey

Cruising guys was her favorite past-time  
Takin' chances almost got her lifetime  
She said, "You only live once"  
Stayin' loose, made many head turns  
If you did her wrong, you just might get burned  
So let's have some fun, yeah-HE!
