

# Finally

Bell Biv DeVoe

Hey, yo Taj  
You know I be seeing you backstage and all that  
I didn't know you was this tall in your heels, haha  
But yeah we finally go this right, ya know?  
My crew, your crew, we gon' make this do what it do  
Ayo Slick

Baby I, feel as if something's coming all over me  
See lately I, I can't resist every time you talk to me  
I'm like caught up in your words ya see  
I just can't deny it anymore (Anymore)  
Said anymore (Anymore)  
It's like you brought out the best part of me  
And laid it out for the world to see  
I rely, fine ol' thing  
That you might be an angel in this

You recognize my flaws  
There's no other love that I adore  
Girl it's gotta be you  
Baby you give me everything  
So I'ma give you more  
You never gotta worry 'bout me  
I'ma leave for sure  
When you finally  
When you finally get it right, finally get it right  
That's how it feels  
When you finally get it right, finally get it right  
That's how it feels  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby

When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby

With you I'm so secure, and I mean that  
Some reciprocation's all that I been missing

I found myself in you, that I'd be proud to say I do  
And if anyone was to ask me 'bout it  
I smile enough to tell the story

You give me everything  
I gotta give you more  
You don't gotta worry 'bout me  
Baby I'm for sure

When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby  
When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby

Have you ever, got that undeniable feeling?  
When you just knew, you just knew you met the right one  
Go 'head, you can smile  
You can be happy again  
'Cause when it's all said and done  
Remember one thing  
Finally got it right

When you finally get it right, finally get it right  
That's how it feels  
When you finally get it right, finally get it right  
That's how it feels  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby

When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
When you finally get it right, finally get it right  
That's how it feels when I'm with you baby
