

# From the Back

Bell Biv DeVoe

Yeah  
Ready for  
Wolf & Epic  
Do it!  
(Ba-da-ba-da-ba)  
(Ba-da-ba-da-ba-ba)  
(Ba-da-ba-da-ba)  
(Ba-da-ba-da-ba-ba-doo)  
Oh yeah, y'all  
Don't take this the wrong way  
This ain't no love song  
It's strictly for the honey dips

Baby, how you doin'?  
I don't wanna know your name  
You know I've got a lot of women  
There ain't a ho that I claim

I don't know if you know who I am  
Or if it really matters  
I can show you a new kind of pleasure  
But I don't have forever

I'm coming to get you  
You know I want it straight from the back  
(Straight from the back)  
I'm coming to get you  
You know I want it (You know I want it)  
Straight from the back

No, I'm not trying to disrespect you, girl  
But I've been hurt so many times before  
I'm not gonna beat around  
Tell you another line  
Say I just want to be your friend, yeah

funk, skins, booties, rumps, and asses  
Stickin' it from the back cause what you see is what you get  
But don't forget the hats for the jimmies or no sex  
So who's up next? (Hey)  
No matter how you tag one  
Yo, make sure you just snag one  
Give me two stacks of fat black cheeks to smack  
(Tell them how you like it, Ron)  
Straight from the back

I'm coming to get you (Oh)  
You know I want it (Oh, yeah)  
Straight from the back  
(I want to turn you around)  
I'm coming to get you (Oh, you look so good)  
You know I want it (I like what I see)  
Straight from the back (So open up for me)  
I'm coming to get you (Oh, yeah)  
You know I want it straight from the back  
(Aah, ooh)

Palmolive, the dishes,  
Wipe my face so my face won't sweat  
Las Vegas, bets and jets  
hmm, so what's next?  
Two big pair of cakes and some legs  
Over medium eggs, I like breakfast in bed  
Ice-cold milk and Frosty Flakes  
So mama, let me butter your pancakes

I don't know if you know who I am  
Or if it really matters, girl  
Cause with Ricky, you only get one chance  
You better take it, girl

(Oh yeah, oh, oh)  
I'm coming to get you  
(Oh yeah, oh, oh, oh, oh)  
You know I want it straight from the back (back, huh)  
(Oh yeah, oh, oh)  
I'm coming to get you  
(Oh yeah, oh, oh, oh, oh)  
You know I want it straight from the back  
(Yeah)

(Grab your ankles, baby)  
I'm coming to get you  
And you know I want it straight from the back
