Bell Biv DeVoe

Saw her in a red skirt, from a distance  
Pull the Rover over, I couldn't resist this  
(Queen girl) So round and fine  
I know sixteen gets me twenty  
At least two years before I get mine  
Well, it's because she's only 16  
Whew! And though (Although she's fine)  
She's truly untouchable cause  
She's only 16 (I guess we gotta wait!)

She's lovely... lovely  
(Sixteen'll get you twenty, so call me when you get this many)  
She's lovely... lovely

Couldn't help but think, if only she was older  
Would it be worth my time, if I tried to mold her?  
Question - word to your pops  
Would he understand my intentions? (Or would he call the cops?)

She got a fly jiggy style so I'm hawkin you  
Can I talk to you? Talk to you?  
Or can I take a little walk in Boston with you?  
I got the rum, mmm.. and then some  
I got the keys to my Benz, believe your friends  
We can start something new, like lovely trends  
Tell your mom and your dad I said hey  
Call you on your eighteenth birthday

She's lovely... lovely  
(Sixteen'll get you twenty, so call me when you get this many)  
She's lovely... lovely

She's lovely... lovely  
(Sixteen'll get you twenty, so call me when you get this many)  
She's lovely... lovely

Style, style, soft and tender  
Young but I'm sprung on the fact that she's the winner  
Ooh, so sweet, can I taste?  
Nah, I think I better wait  
for the 1-8, or the 1-9  
Call her every now and then because she's only six plus ten  
Lovely, tempting, y'know?  
Hmm, I think I better ghost ("No")

I'm saying cause she's only sixteen...  
And even though, she's so lovely but untouchable  
Cause she's only 16 ("Three sixty degrees")

She's lovely... lovely  
(Sixteen'll get you twenty, so call me when you get this many)  
She's lovely... lovely
