

# Heartbreaks

Bella Ferraro

Oh when my heart breaks patiently waiting  
And then my heart breaks all day you kept me waiting

And so it starts  
We play our parts

A hold of you to call me up tonight  
Can't seem to ever keep each other out of sight  
Come here baby tell me what you like  
You know I never learn my lesson the first time

Oh when my heart breaks patiently waiting  
And then my heart breaks all day you kept me waiting  
Oh when my heart breaks patiently waiting  
And then my heart breaks all day you kept me waiting

And so it ends  
No promises

Disappeared right from under me  
Oh no you're never quite as honest as you seem  
Come here baby show me what you mean  
We both know you're lonely heavenly

Oh when my heart breaks patiently waiting  
And then my heart breaks all day you kept me waiting  
Oh when my heart breaks patiently waiting  
And then my heart breaks all day you kept me waiting

Oh when my heart breaks  
When my heart breaks  
When my heart breaks  
When my heart breaks

A hold of you to call me up tonight  
Come here baby tell me what you like  
A hold of you to call me up tonight  
Come here baby tell me what you like

Call me, call me  
Call me, call me  
Call me, call me
