

Legend

Bella Morte

I watched the end
I watched the virus take them one by one
I saw them rise
To walk the night in hunger ever more

Destroy!
I am the Last man

I am alone
A walking legend, proof of what's gone by
And I live to fight
I'll take them down until my final cry

Destroy!
I am the Last man

I am the end
I can see the end
I see the end

Destroy!
I am the Last man
