

# Many Things

Bella Shmurda

So many things on my shoulder  
Many things wey no matter  
Many many things burst my medulla  
Only small thing I fit talk sha  
So many songs on my folder  
All of them must to blow sha  
Plenty girls for my WhatsApp  
All of them want to know what's up

See I no go die tonight  
I go live for life  
And if I die tonight  
I don live my life  
I no go die tonight  
I go live for life  
And if I die tonight  
I don live my life

Say nigga don come  
The boy don show  
Enemies dey vex say the boy don blow  
Right on time, dem ma come my show  
Den ma ride or die  
When they see me show  
Say nigga don come  
The boy don show  
Enemies dey vex say the boy don blow  
Right on time, dem ma come my show  
Den ma ride or die  
When they see me show

See I no go die tonight  
I go live for life  
And if I die tonight  
I don live my life  
I no go die tonight  
I go live for life  
And if I die tonight  
I don live my life
